Masonry-true Appearance

Verti-Crete fencing enhances your project with a highly distinctive and beautiful appearance at considerably less cost than stone masonry. With significantly increased durability, Verti-Crete fencing is successfully used in residential, commercial and government projects for theme and view fencing, courtyards, retaining and sound walls

ADVANTAGES

- **FASTER INSTALLATION - ACCELERATING PROJECT SCHEDULES**
- **ARCHITECTURAL FINISH ON BOTH SIDES - STONE PATTERNS THAT WRAP AROUND EACH POST CORNER**
- **COMPETITIVELY PRICED**
- **GREATER STRENGTH & DURABILITY - NO MORTAR JOINT FAILURE OR CRACKING / WILL NOT ERODE OR DECAY**
- **PRE-ENGINEERED EXCEEDING SPECIFICATIONS FOR APPLICATIONS**
- **NO MAINTENANCE - LOW PERMEABILITY AND EXTREMELY RESISTANT TO WATER STAINS**
- **ADDITIONAL REINFORCEMENT ALLOWS FOR USE AS RETAINING WALL**
